**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I choose a competitive provider because they provide much better service - including Fiber to Residence broadband which they built themselves. Their customer service is also infinitely better and more accessible than the big companies, which quite frankly are terrible

Reduced competition would doom consumers to higher prices and much worse customer service, as we would not be able to vote with our wallets and leave big companies which don't provide good service.

I am so glad that I have switched to my small, local provider and can now access fiber broadband.
